WORK EXPERIENCE

Frontend Developer

January 2024 - Present

- Developed company website using Next.js, Tailwind CSS and GSAP animations
- Led frontend for AI catalogue project, implementing UI components for AI recommendation features
- Built customer support chatbot to enhance user engagement and automate customer interactions
- Expertise in Next.js, React, GSAP, chatbot development, and UI/UX best practices

EDUCATION

Masai School

Full Stack Web Development

May 2022 - October 2023

Modern Institute of Technology & Research Centre

B.Tech (Mechanical Engineering) - 7.5

August 2016 - December 2020

PROJECTS

AI Catalogue Builder

September 2024 - Present

- Engineered secure user authentication system and intuitive image selection interface using **Next.js**, **React**, **ShadCN UI**, and **Tailwind CSS**
- Developed a responsive landing page with drag-and-drop functionality, increasing user engagement
- Built a comprehensive admin dashboard with real-time analytics, reducing image management time
- Optimized image rendering and processing performance, decreasing load times of images

Technologies: Next.js, React, TypeScript, ShadCN UI, Tailwind CSS, REST APIs, Authentication

AI Customer Support Platform

November 2024 - Present

- Designed and enhanced chatbot solution, integrating frontend (React, TypeScript) and backend (Node.js, REST APIs) for seamless user interactions
- Built admin panel using Next.js, TypeScript and ShadCN UI for monitoring conversations

Technologies: Next.js, React, TypeScript, ShadCN UI, Tailwind CSS, REST APIs, Authentication

Corporate Website 

April 2024 - May 2024

- Built the company's first production website using React and Tailwind CSS, from concept to deployment
- Applied mobile-first responsive design, earning a 98/100 Google PageSpeed score
- Improved SEO and accessibility, boosting organic traffic
- Optimized load time with code splitting and lazy loading

Technologies: React, JavaScript, Tailwind CSS, Responsive Design, SEO, Webpack

SKILLS

Frontend Development: HTML, CSS, JavaScript, React, Next.js, TypeScript, ShadCN, Tailwind CSS, Bootstrap

Backend Development: Node.js, Express.js, JWT, REST APIs

AI Tools: V0, Claude, ChatGPT, DeepSeek

Version Control & Deployment: Git, GitHub, Vercel, Netlify, Render

LEADERSHIP & ACHIEVEMENTS

LeetCode Problem

Solved **100+ LeetCode problems**, improving proficiency in **data structures and algorithms**.
